Andreas Pagalos
Area Manager

Heracles Lekakis
Station Manager, Piraeus

This Certificate may be cancelled if:

1. The service provided has been improperly carried out or the results improperly reported.
2. The surveyor has found any deficiencies in the accepted operating systems of the service supplier.
3. The firm has failed to inform of any major changes having effect on the quality of the service rendered.
4. The conditions listed in the appendix are changed and/or are not fulfilled.

Appendix to Approval of Service Suppliers

Appendix No. **1** to Certificate No. **AOSS00000GV**

The approval is based on the following conditions:

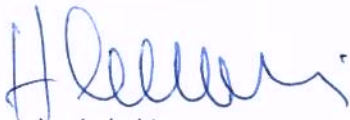

1. The requirements stated in DNV Approval Programme No 402B, part of the Standards for Certification No 2.9, continue to be met.
2. The initial audit was carried out by DNV GL Piraeus, on 2015-12-14, at Limassol, Cyprus.
3. Operators: For a list of operators and supervisor please contact DNV GL Piraeus.

Multimarine is expected to follow their approved working procedures and the reviewed training programs and assign the tasks to the qualified personnel as required for each task. The firm shall 1) Maintain an updated and approved list of the qualified personnel based on the requirements as set out in the appropriate Approval Programme and 2) Maintain a record of the history of changes to the list, and 3) Maintain documentation showing that each particular task/service performed by the firm has been done by personnel covered by the applicable and 4) Inform the society about any intended changes to the list.

4. NDT Method which the Company is approved for:
 - a. Magnetic Particle Testing (Yoke Method);
 - b. Liquid Penetrant Testing
 - c. Visual Testing
 - d. Eddy Current Testing
 - e. Ultrasonic Testing (C, C-Mn and alloy steels, not including testing of tubular TKY joints)

Issued at Piraeus, Greece, on 2015-12-14
